Clint Wrede (clint.wrede@uni.edu): Communication Studies, English, French, Linguistics, Spanish, Other Languages, and General Humanities

Library Services for UNI Faculty Summer 2017

Also available online: www.library.uni.edu/info-for/faculty
Accessibility: The library has a variety of technology and services to increase access for users with disabilities.

Authorized Borrowers: Fill out the linked form to authorize others (e.g. a student assistant) to check out materials and request photocopies in your name.

Circulation Policies: Faculty members may check out most library books until the end of the academic year or until the book is requested. Faculty fine rates are available on our website.

Copyright/Publication: As experts in scholarly communication, Liaison Librarians can consider questions about your own publishing rights or the status of works you wish to use.

Distance Users: The library provides support for online classes including resources available at a distance, eLearning access to materials and services, and library instruction sessions.

Instruction: Librarians join your class to teach assignment-specific research strategies/tools & other information concepts (e.g. information cycle, source evaluation, free vs. fee-based sources).

Interlibrary Loan allows faculty, staff, and students to borrow materials from thousands of other libraries if we do not have them here at UNI.

Learning Commons: A social space equipped with 21st-century tools, technology, and services that support students’ academic pursuits to connect, create, innovate, and succeed. The Learning Commons includes collaborative workspaces, our 3D printer, and our Makerspace.

Library Collections: Library resources include books, journals, newspapers, media, and databases. Many e-resources can be accessed off-campus using a CATID, and all resources are identifiable through the Library’s discovery system, OneSearch.

Open Textbooks: UNI is part of the Open Textbook Network (OTN), which hosts the Open Textbook Library of peer-reviewed textbooks for faculty to freely use in classes.

Reciprocal Borrowing: Anyone from UNI may check out materials at Iowa and Iowa State. You will need to present your UNI ID to be issued a library card. (Iowa State charges a minimal fee.)

Reference Services: Library staff offer individualized support via online chat, email, or in-person consultation.

Research Consultations: Any library user can schedule one-on-one research support with a librarian. Requiring consultations as part of a course requires approval from your Liaison Librarian.

Reservable Spaces: Available for class work sessions, departmental meetings, seminars, and conferences. For details, see http://library.uni.edu/spaces.

Reserves: Faculty can place course materials on reserve at the main Circulation Desk and in the Fine and Performing Arts Collection.

Request a Purchase: To recommend resources to be purchased or licensed, use this form. To discuss collection development in a particular subject area, contact your Collection Strategist Librarian.

ScholarWorks: UNI’s institutional repository preserves and provides global access to UNI faculty, staff, and student scholarly and creative output (e.g. faculty publications, student works, newsletters, and conference proceedings).

Specialized Collections: Our specialized collections include the Career Collection, the Fine & Performing Arts Collection, Government Documents & Maps, Special Collections & University Archives, and the Youth Collection.

Subject Guides: Librarians create custom webpages to support research. These can be broad in focus or course-specific. A list of guides is available at guides.lib.uni.edu/.

Syllabus & eLearning Services: Within eLearning, faculty can provide direct library links such as e-reserves, links to databases, and links to articles.

Syllabus & Research Assignment Consultation: Librarians help develop your syllabus/research assignments so that they follow best practices to help students develop research skills, and to make sure they are supported by available resources. Contact your Liaison Librarian.

UNI Museum: The Museum has collections in anthropology, biology, geology, and history. It also has extensive holdings related to rural education and maintains a one-room school. Its resources are available to faculty, students, and the public. Class sessions may be arranged.

Videos/Streaming: The library provides access to Ambrose Digital and Naxos Music Library/Naxos Music Library Jazz. If you would like to have other content streamed or have questions about public performance rights, please contact Jeanne Little in Resource Management.
