You've visited the Youth Collection, but have you read the newsletter? "A Youthful Frame of Mind" is our monthly newsletter where you can go to find out what's new in the Youth Collection. Read about the month's displays, events, book give aways, great resources, and more! ## You Talk. We Listen. We All Win!

Starting the week of April 15th, the library will be conducting a survey to gather insight from you into how Rod Library is meeting your needs and what you'd expect in a library. The survey will run for 3 weeks from April 15th-May 3rd. Those who participate in the survey are eligible to win prizes including the grand prize of an iPad Mini! For more information, you can visit our FAQ page: <https://www.library.uni.edu/assessment/projects/speak-we-listen/libqual-faq>

## Video Streaming

Rod Library is hosting trials for four video streaming collections through early May. We encourage you to work with them and let us know which you would find useful for coursework or research. The collections are:

- College Anywhere
- Docuseek2
- iCollection (Paley Center for Media)
- Infobase Learning (Films on Demand)

For descriptions of each collection and links to the websites, click on the Video Streaming Trials icon at the bottom left of the Library homepage (<http://www.library.uni.edu/>).

We hope to be able to initiate a subscription to a video streaming service in FY 13/14 so please take the time to check out these services and provide us with your input.
