What's Happening? ~ in the Browsing Room

Need a break from the textbooks?

The Browsing Room, located on your right as you enter the library, is home to a small selection of recent and classic fiction, popular non-fiction, and literary journals.

The **CFPL @ UNI** collection, a small selection of popular fiction and non-fiction titles from the Cedar Falls Public Library, is located along the south wall. In the upcoming weeks the Browsing Room will also provide access to popular major motion pictures and well-known documentaries on DVD.

Stop in for a distraction!

By Linda McLaury, Access Services.

The African American Read In will take place on Monday, February 22, 2010. It will begin at 9:30 a.m. and run until 1 p.m. Jan Spivey Gilchrist is an award-winning author/illustrator and UNI

alumna. She will be doing three rotating workshops with students (grades 1-2) during which she will draw.

By Yolanda Hood, Youth Collection.

Floor Outlets Available

You're using your laptop in the library to write a paper and suddenly realize that your battery is going to run out. You decide to plug it in to the wall outlet right across the aisle. Trouble is, people keep going past and you lose your train of thought every time someone is stepping

over your cord. Why doesn't the library have better plug-ins?? Well it might! Many library users have not noticed the electrical outlets that are installed on the floor, under the brass caps.

It is okay to lift these caps and use the outlets to run your laptop.

By Stephanie Marra, Office of the Dean.

CatID Login

Off Campus Access into Library Resources

Your CatID is used for remote access into licensed library resources. To search the library's licensed resources from your home computer, you need to be a currently enrolled UNI student, faculty or staff member. From the Library's website when you click on any link to a licensed database, ejournal, or ebook, you should be taken to the university CatID login screen.
