Compact Shelving Repair

Summer brings sunshine,

flowers, and the moving of bound periodicals. The compact shelving on the 1st floor of the Library will undergo construction starting June 9th.

If you need assistance finding a particular volume please ask for assistance at the MultiService Center. We anticipate the construction to be completed by the start of the fall semester.

ReferenceUSA

Rod Library recently subscribed to ReferenceUSA, a residential and business/organization directory. Entries in the residential section include:

- telephone numbers,
- addresses, and
- neighborhood home value and household income data.

The search forms can be manipulated to create lists of individuals and companies meeting certain criteria. ReferenceUSA is listed in UNISTAR, the library catalog, and on the Databases A-Z on the library home page.

Laptops Available for Student Check-Out

The library has a limited number of laptop computers available for student check out. The laptops will check out for 3 hours building use only.

The laptops are available at the MultiService Center on the first floor of the Rod Library.
